

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

I want to encourage you to consider the Fair Share Plan for the Universal Service Fund.

For the cell phone usage, I have few if any long distance phone calls and to impose a higher fee on this type of usage is not equitable to the millions of Americans who utilize phones without using the requiring the long distance availability.

Those individuals and corporations who need and use the service should be willing to pay the universal service fees.

Please keep the USF fair and adopt the Fair Share Plan.

Sincerely,

Sherry Komenda
